- **Add 50% AHA Glycolic Chemical Peel \$40 (\$105)**
- **Add Microdermabrasion \$25 (\$90)**
- **Add Microneedling \$115 (\$185)**

## Microdermabrasion

This treatments use a minimally abrasive instrument to gently sand your skin, removing the thicker, uneven outer layer. This type of skin rejuvenation is used to treat light scarring, discoloration, sun damage. It is performed at different depths and prepares the skin to accept recommended topical treatments with greater efficacy. There is no down time with this treatment. **\$65**

**Microneedling** (Collagen Induction Therapy), is a new innovation in aesthetic medicine for treating the appearance of fine lines, acne scars, stretchmarks, and improvement of the skin's overall appearance. Treatment uses a hand held device covered with tiny, shallow needles to essentially poke holes in the skin surface. The holes are actually therapeutic, since they cause a 'micro-injury' that

prompts the skin to stimulate collagen production, filling in fine lines, plumping the skin, and contributing to a younger look. Microneedling works great for sunken areas on the skin caused by acne or chickenpox, as well as for fine lines, discoloration, stretchmarks, and general skin rejuvenation. This safe procedure isn't just for the face, though. It can also be used on many areas of the body, including the arms, neck, legs, abdomen, back and hands. At Lake Havasu CosMedics, we customize microneedling to the desires of each patient. **\$150**

**Add to spa facial \$115**

## Eyebrow Tint

Tinting of the eyebrows helps pale or sparse brows to appear fuller and more defined. **\$30**

## Eyelash Tint

Tinting of the eyelashes eliminates the need for mascara, for a darker, more dramatic appearance. Works well especially on light/blonde hair - color can last approximately 4-6weeks. **\$35**

**Eyebrow/Eyelash Tint Combo \$55**
